THE RITUALS GUEST EXPERIENCE

A warm welcome

Upon arrival at the hotel, your guest is immediately greeted with a friendly smile, a cup of Rituals tea and the scent of exquisitely scented candles and fragrance sticks. A welcoming and relaxing start to the guest's hotel journey.

Once they get to their room, they'll see a Rituals gift on the pillows and luxurious body care products besides the sink and in the shower. Moving on to the hotel spa, the customer journey continues with more Rituals products to help them relax, unwind and reconnect body, mind and soul. The peaceful scene is set with Rituals tea, refreshing fragrances and soothing candlelight.

When it's time to check out, the guest finds a display of carefully selected Rituals retail products in the lobby – the perfect way to take the hotel experience back home.

*“Our promise? Trusted, high quality products
that have been carefully formulated to be safe
for skin and kind to our planet.”*

Rituals has been a proud supporter of Tiny Miracles since 2011. They are a pioneering foundation and for-purpose company (and a Certified B Corp™) that has found a way to enable people who are excluded from society and live below the poverty line to seize a life full of new opportunities and take their future into their own hands. Rituals contributes to the salaries needed to pay for education, healthcare, and helps to provide the community with work and income, which will enable them to break their own poverty cycle.

You can now offer your guests a special handmade Tiny Miracles pouch, which can be filled with Rituals products. With this unique product, you are helping us contribute to the future wellbeing of these communities in India. By doing so we all take (tiny) steps towards a better world.

OUR PHILOSOPHY

Happiness can be found
in the smallest of things.
It is our passion to turn everyday
routines into more meaningful moments.

Your Body. Your Soul. Your Rituals.
